

## Diabetes Awareness Report

Report by: PDG Tom Smarsh, Chairperson

Date Report Sent: 5/19/17

My goal is to publish a newsletter monthly for publication in Border Crossing; also submit to our BusyB newsletter in 19-B.

Additionally, I set up an information table at the 19-B convention recently. Set up the table and conducted a diabetes seminar at the MD conference last fall.

Have had several positive comments, so believe that we are getting the message across. Working with American Diabetes Association contact person in Seattle for resources.
